LMBC Newsletter 01/2020

Good day Chamber members and business owners

A lot has happened since the state of emergency was declared. We know that you are facing several challenges but also hope to hear that many achieved great successes.

All of us need to think differently about business during this time and we will always try our best to be there for our members.

BUSINESS DIRECTORY 2020/2021

Good News!!! Marietjie will be preparing an only-digital directory for this year. **All members that renew their membership or new members that join before the end of July 2020 will receive a free listing in this directory.** This advert will be linked to your webpage or social media page of your choice.

Example of last year's directory: <https://www.gm-web.com/eBook/LBC/2019/Index.html>

A Membership form is attached to get updated information as well as application for new membership.

GROWSA Membership

Wessel Venter has negotiated with GrowSA that members of our Chamber will be listed for free under the GrowSA platform that will give broader exposure to the local businesses. You will also receive e-mails from us regarding GrowSA.

Feel free to visit the webpage <https://www.growsa.africa/>

More details to follow

Thaba Chweu Local Municipality liaison

We liaising with the Thaba Chweu Local Municipality (TCLM) on a regular basis.

A lot has happened during this year. The crossing at Spar/McGee/Westvaal/Nissan has been repaired. Many discussions were done between the Chamber, TCLM and the contractors to try to speed up the process. De Clerq and Potgieter street will be repaired for the next few months.

TCLM has also won the court case against the truck companies that will prohibit them from driving through Lydenburg.

THE P.R.I.D.E. PROJECT

During the first 2 levels of the Lockdown, the PRIDE project was halted. At the current level, we will start to function again. Please feel free to contact Etlia at 082 371 6449 to get involved.

To sponsor a bin will cost you R350 per year. They also need black bags and sponsorships for labour.

Thank you for helping us cleaning up our town.
